

# HOW TO PLAY:

Work your way around the game board and complete the reading tasks on the tiles. You can move around the game board by selecting tiles that sound interesting to you **OR** leave it to chance and roll a dice to see where your token lands. Put an "X" on the tiles you complete.

For each full set of color tiles you complete, you get ONE entry into a monthly prize drawing.

For each ATTEND A PROGRAM tile you complete, you will be entered into a bonus drawing.

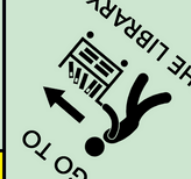

You can turn your game board in each month (and start over each month) or you can wait until it's completed to turn it in. Game boards are due the last day of each month.

**Note: You can only use a book to complete a task once - you cannot use the same book for multiple reading tasks.**
